RE: Berkshire Conservation Agent Proposal

Dear Members of the Massachusetts SubCouncil and Proposal Reviewers,

The Town Of Lee Consevation Commission supports the grant application submitted by Berkshire Regional Planning Commission (BRPC) for funding of the Berkshire County Conservation Agent Program (BCAP). BCAP is a valuable resource to the Town of Lee Conservation Commission. The Town of Lee has no paid conservation agent and we have utilized the BCAP in 2005 to support us in a complex Wetland Restoration Project. We feel strongly that the BCAP is necessary to support the work of the Town of Lee volunteers in their efforts to protect our watershed.

Sincerely,

Stu Dalheim
Lee Conservation Commission
Chairman
